TL note: Fy, the word used here is "pettan" which means to flatten

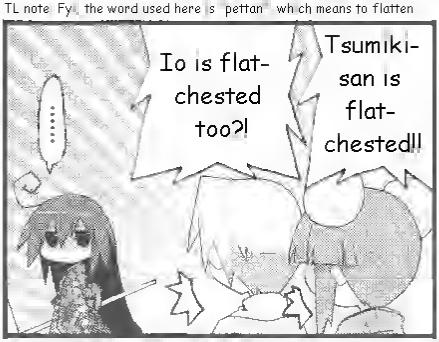
Do you mean mochi* making?
Oh yea we found a mortar and pounder while we were doing the new year cleaning wanna give it a try?

TL note: To those who dunno, Mochi is a japanese rice cake, google for picture :D



TL note: They add "ko" after "pettan" which "pettanko" means flat chested girl

TL note: There's a word play here. "ケーキ 入刀" literally means "cake cutting" but apparently "入刀" is uniquely used for cutting Marriage cake. Kikue forces that marriage thingy into "打" (Pound/Hit/Strike) and it became "入打" (still same Pounding but now somewhat related to marriage)

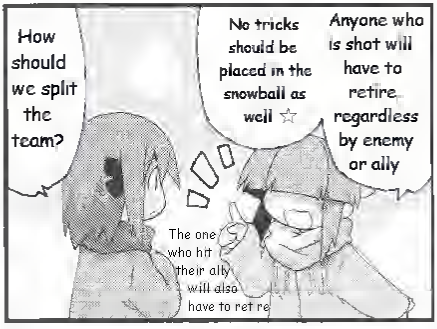
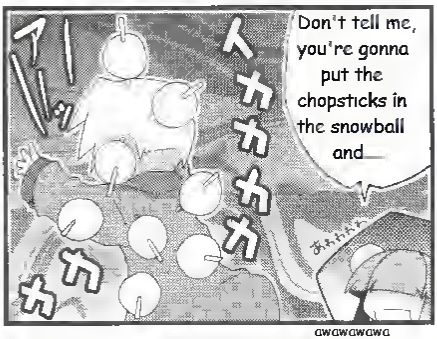
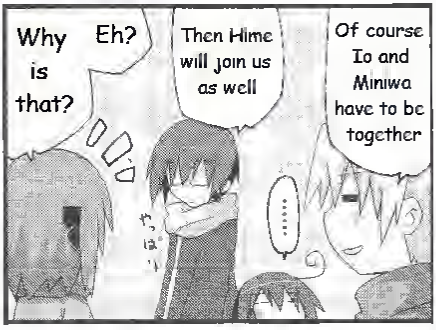
Well, it's for safety
I won't ask about why Mayoi had them though
What are you gonna do with them?



How should we split the team?
No tricks should be placed in the snowball as well ☆
Anyone who is shot will have to retire regardless by enemy or ally
The one who hit their ally will also have to retire



Don't tell me, you're gonna put the chopsticks in the snowball and...



Why is that?
Eh?
Then Hime will join us as well
Of course Io and Miniwa have to be together

More like why am I being hit in your imagination!?
That's no longer snowball if I do so

I translate and upload this manga for those who're eager to read this while no scanlation group will not upload the chapters any time sooner.

have a nice read

p.s. As I mentioned in previous chapter, this chapter is already shown in the anime. To be precise, in episode 3 part A. I said I wanted to copy paste anime's sub, but found myself being unsatisfied with some of the translations, so I took my time to change them, and was a bit slower in release than I originally thought
Oh by the way, if it's not night time in your place (or you're not busy), stay tune in Batoto. I got a small surprise for you guys.

You gained weight, right?

TL note: monemone explaination at the next page

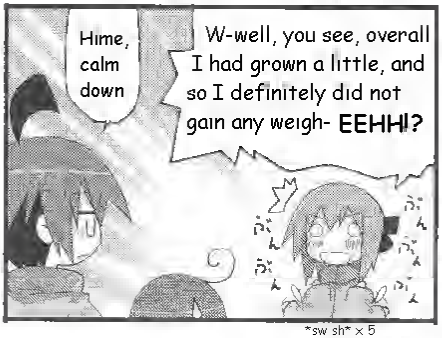
Mayo Here t goes

A man's romance

There must be mis-printing in the Records
more like-
洋の日マン。。
Since ancient times, it has been inscribed into the Akashic Records themselves; "Breasts grow larger* if you massage them."

Io Where are you look ng at?

TL note To be honest, I couldn t find any Jap meme that goes with monemone so I m guessing it is a new term created by Sakak from mune wo momu with momu s MO & mune s NE. *mune breast momu massage*



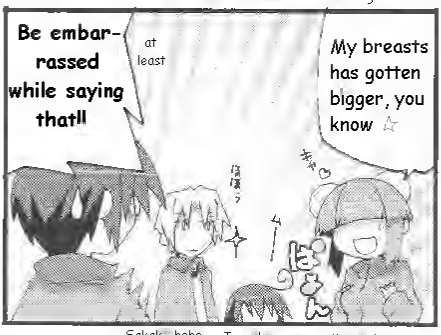
sw sh x 5

"Grow larger" as they keep in contact with their loved one while someone twisted the meaning along the way—
Since it's referring to girls it probably means that the feelings towards their loved one within their chests*

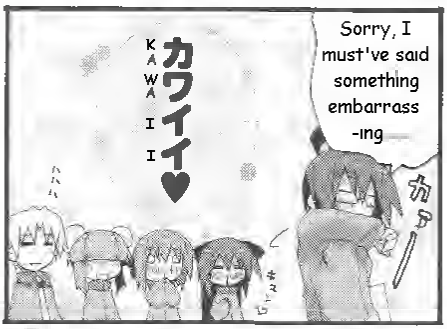
TL note Fyi to Jap (and also Chinese) "feel ngs in heart" s exchangable with "feel ngs in chests"

T-that's true, it is wrong for me to talk about others—
Io-san
——Mayoi I believe it is bad manners to saying something like that about others

Hime haau Io Oh geez



Sakak hoho Tsumik grr Mayo kya♡

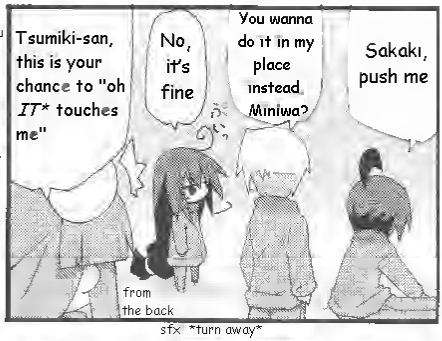


Sakak hahaha *kyun*

Yeah several inconveniences~
Right, Tsumiki-san?
Inconve-nience?
You're slow Io. Wouldn't there be a lot of inconvenience if you're taller than her
Eh

TL note
Chuu=kiss

TL note: In case you don't get it, here's the hint. WHAT will touch Io when Tsumiki lay forward towards Io's back?



Tsumiki-san, this is your chance to "oh IT* touches me"
No, it's fine
You wanna do it in my place instead, Miniwa?
Sakaki, push me
from the back

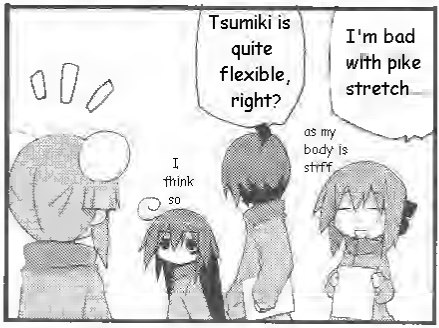
sfx: *turn away*

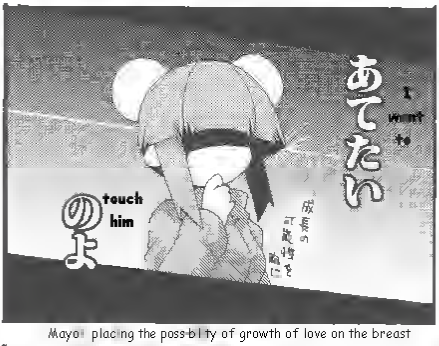
Gymnasium is having "hand strength" and "pike stretch" test now, right
I don't mind
Are you guys coming to the gymnasium with us?

Sakaki: If I'm not mistaken

Hime: afterwards

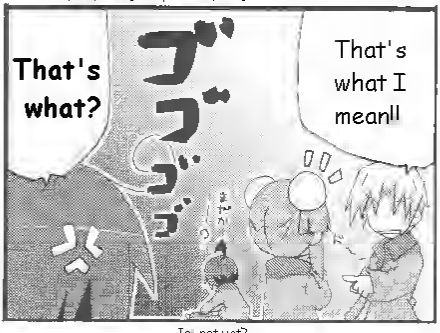
In Tsumiki-san's situation, since the super dense Io-san won't realize that, she will turn to us for help and say-
So, in other words
And Io probably won't realize it no matter whose thing touch him
Mayoi, that's gonna be hard in various way
It's Miniwa... right (lol)





Mayoi: placing the possibility of growth of love on the breast

TL note: Both Mayoi and Sakaki's words are part of a *nazokake*. Simply put, a kind of riddle with word play. Google nazokake.



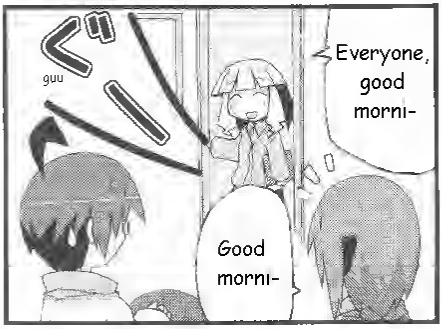
Io: not yet?

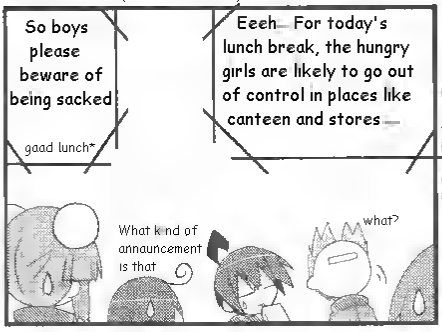
sfx: *wave arms* ×4

TL note: Tsumiki in love = not brave/coward. Flexible body = like boneless. So combining both you get "spineless". Really nice word play, I salute you, Mayoi (for the first time). Luckily I managed to find the equivalent english word for this word play.

sensei
Might have skipped her breakfast
Is that so?
By the way, it seems like there are tests for teachers today
The next day

sfx: P n Pan Pan Pan (annauncement bell)

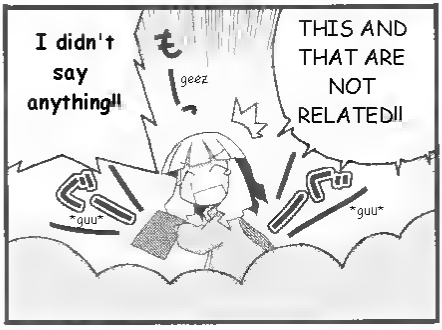




So boys please beware of being sacked
Eeeh For today's lunch break, the hungry girls are likely to go out of control in places like canteen and stores
gaad lunch*
What kind of annauncement is that
what?

TL nate The an ginal cantext uses Engl sh instead af Jap sa I think it s an intended pun af "lunch" and "luck"

sfx: P n Pan Pan Pon



TL note Just n case for people wha re new to jap/ataku stuff adding sama behind a name means to address someone af a h gher rank like your bass On the ather hand h me sama s used ta address a real Pr ncess

have a nice read

p.s. Ta-da!! Double release!! =D
Did I surprised you? No? okay
Anyway, this chapter is also aired in the anime already. BUT, only half of the content is identical, so at least it is more interesting than the previous chapter (At least I think so, that's why I decided double release)
Next chapter is estimated to be release on Monday. Just so I could damage "Monday's blue" (lol)
Oh and, I'm looking for a typesetter (not urgent though). The only requirement is must online often, at least once every 2 days
Newbie typesetter is fine. I'm a newbie as well =D. I use Ms Paint to typeset, not photoshop (lol)

*TL note: Maiden cosmo in Japanese is read as "Otome cosmo." It means a girl's feelings of love (that is as deep, huge & complicated as the cosmos). Back in Chapter 20 I didn't know the real meaning of Maiden Cosmo so my translation is likely to be wrong. (But am too lazy to correct it. I'm kid Oreki Houtarou) ω

EVEN MORE SO WHEN YOU RECEIVED A LOVE LETTER AND SAID "OK" WHICH IS NOT LIKE YOU AT ALL...

SINCE IO-SAN WAS GOING TO A RENDEZVOUS QUIETLY, IT MADE US ANXIOUS
Ha
I WAS NEVER WORRIED TO BEGIN WITH

Don't go waku waku

SFX "WAKU WAKU"

TL note: For those who don't know "waku waku" & "dokidoki" are s/x for heart throbbing and getting excited over something. Though the first is often not related to love while the latter being the opposite (both can still be used on the same thing though).

SFX "RUB"

SFX "BLUSH" "BLUSH" SFX "SLOWLY REACH"

SFX "SHOCK" SFX BLUSH SFX NYA

And here's another chapter! I'm looking forward seeing "aw so moe!" kind of comments being posted because I pretty much felt "kyun" a lot while reading. Good thing I don't bleed like Hime or else I'm gonna have anemia.

Next chapter is already aired in anime (again) so I will try to translate 2 or 3 chapters as fast as I could, and hope me and my other 2 teammates can release the next chapter as soon as possible.

Looks like Typo (weird scan) is newsbeast. Dunno why I thought their website is gone. I apologize to everyone about this. I can't believe I had make such a dumb mistake and still didn't realize this 3) many chapters b=

"And heeeeeeeeeeeeere is another chapter~" I'm done translating chapter 26 so it will be upload in 1 or 2 days. Oh man, it's almost like we're releasing everyday o.o
Ah no, try not to have high hopes on me. I have faith in my teammates' work and speed but I'm actually a lazy person so I'm not confident that I can stay hardworking for long. Though I can at least guarantee you that I will not stop translating, so what's unsure in the future is the speed of releasing. Fyi, 3 more chapters to go after that vol.2 will be completed"

"You know ... I actually visit the Acchi Kocchi page in Bato.to everyday just to check the number of people who follow the manga. Somehow, watching the number raise is a bit like watching some kind of stock price taking XD (No, I'm not really an investor or sort)
Since I started translating, until now, the number is increased by around hundred. Some where from 470 to 570.
So as I pray. ... Unlimited Blade
I mean, I pray that the number will hit over 1000 someday. Take it as my way of thanking the author in creating such a cute manga."

IN TSUMIKI'S CASE, IT'S MORE THAN JUST SLEEVES THAT ARE TOO LONG SO MAYOI RENAMED IT AS, "AMAENBO CLOTHES."

Afterwords

<<Acchi Kocchi Volume 2>>
Thank you very much for reading until the end. I somehow managed to publish this as a tankoubon this time as well. There are not enough words to express my gratitude.

For everyone who was involved, thank you all!

Although I'm still inexperienced, I plan to work even harder to produce something better, even if slightly more so.

Despite my heart overflowing with thanks, I will stop writing for now.

Readers, even if you only enjoyed this a little, I would still be happy that you did at least enjoy it.

Ishiki
